## **go2HR Welcomes Ellen Lymer, Regional Health and Safety Specialist for Vancouver Island**

**Vancouver** – go2HR – BC’s tourism industry human resource and health and safety association – is pleased to announce the appointment of Ellen Lymer to the new position of Regional Industry Health & Safety Specialist.

Ellen has been an Occupational Health and Safety Professional for over 20 years in various industries throughout BC and Alberta. Ellen worked as a field safety coordinator within the heavy construction, manufacturing and pulp and paper industries across BC, then moved to the municipal government sector and was a corporate safety advisor for the Township of Langley followed by the City of Edmonton. Ellen was a Field Manager with BC Hydro for 10 years where she split her time between the corporate safety and generation operations departments.

Ellen holds both CRSP (Canadian Registered Safety Professional) and PMP (Project Management Professional) designations and has formal training in adult education and human resources management. Ellen joined go2HR in 2020 and provides Occupational Health and Safety support to Vancouver Island businesses.

“We are thrilled to have Ellen joining our team! With her significant experience in health & safety consulting and injury management in a wide variety of industries, she will be a significant resource for go2HR. I look forward to working with Ellen to expand our outreach to tourism and hospitality employers on Vancouver Island,” says Arun Subramanian, Director, Industry Health and Safety at go2HR.

### **About go2HR**
