

Your COR Journey in 8 Simple Steps

Get certified with expert support every step of the way!

1

Register for the COR program

Take the exciting first step towards building a safer, healthier workplace – **registration is free** with no binding commitments or timeframes.

5

Equip your team

Identify a **Health & Safety champion** who can complete our COR internal auditor training and lead the process for your organization.

2

Consult a COR Specialist

Chat with our team to discuss your organization's needs and next steps.

6

Book a Gap Analysis

Ready to go? **Book a free gap analysis** to do a final check before your audit.

3

Assess your program

Use our COR Audit assessment tools to **review your current OHS system** to see where you are on your COR journey.

7

Organize your Certification Audit

Hire an external auditor to **confirm your system meets COR standards**.

4

Explore our resources

Our **COR Toolkit** has **tips, tools, and guidance** to help you prepare for your audit.

8

Become proudly COR certified

Celebrate a safer workplace, rebates, and a stronger, happier team!
